

Timeless

...the desire to please

The Sonnenalp name and our tradition of hospitality go back nearly a century to Ofterschwang, Bavaria where, in a simple ranch house, the Faessler Family opened a hotel that epitomized the finest in personalized service in beautiful surroundings. The spectacular setting in Bavaria inspired the Sonnenalp name sun on the Alps a name that translated perfectly when the Faessler family fell in love with Vail and opened a hotel there in 1979. Through the years, the Sonnenalp name has brought a new level of international prestige to the Vail Valley and set the standards by which other hotels are judged. What cannot be measured are the invaluable contributions made by every single member of our extended Sonnenalp family who truly love Vail and are genuinely committed to making your experience here one you will always treasure. This defines Gemütlichkeit and this defines our family's philosophy, now four generations old, sparking the energy that radiates throughout our hotel today.
