THE FASHIONABLE LIFE BEST SPAS: SONNENALP SPA
www.sonnenalp.com

Experience the pristine wonder of Vail's magical charm, from stunning vistas atop the world's most renowned ski slopes to mountain-side chalets for apres ski refreshers, and lamplit strolls through the Alpine-style Village where exquisite shopping venues, luxury lodging, and abundant first class eateries abound.

Vail is a winter wonderland abuzz from morning til night with revelers enjoying the action. Each day is filled with rosy cheeks, furry boots, the whirl of gondolas, the crunch of fresh snow, and the ever present crackle of logs in the fire. Amidst this blur of activity, Vail's hidden retreat, the Sonnenalp Spa, offers a peaceful retreat for calming in fashionable repose.

The ultimate in rejuvenation and relaxation, the spa experience at the Sonnenalp Spa combines luxury and indulgence with therapeutic treatments and wellness regimes guaranteed to soothe those aching muscles, ease tricky joints, and erase the tensions you toiled in your baggage from home.

Immerse yourself in the warmth and healing of a warm herbal poultice massage and drift into a dreamy zone. The highly trained professional staff offers a full menu as well as customized therapies to meet your individual needs. Choose from heated stone massage, deep therapeutic treatments, facials to refresh and revive dry winter skin, aroma therapies to unify mind, body, and spirit in unique combinations. Invigorate with restorative stolen moments of personal time or reconnect with a romantic couples massage and enjoy the extended amenities, the atmosphere that will signal a renewal to usher in 2017.

Your Vail experience will be enhanced with your memorable retreat at the Sonnenalp Spa.
